Peace Corps Test Slated For Dec. 7

For the first time in its history, the Peace Corps will give its nationwide placement test on a week day, Monday, Dec. 7.

Because the usual second Saturday of the month is too busy with Christmas mailing at the post offices where most Peace Corps tests are given, the day commemorating Pearl Harbor was selected.

In this area the test will be administered, beginning at 3 p.m., at the following locations: Elgin — American Legion Hall, 316 Douglas Ave.; Oak Park — Room 217, Post Office; Evanston — Main Post Office; Wheaton — Main Post Office, and Chicago — Room 1154, U. S. Customhouse, 610 S. Canal St.

THE TEST will take about one and one-half hours. Applicants should bring a completed Peace Corps questionnaire if they have not already filed one. These questionnaires are available at most post offices and college placement offices or by writing the Peace Corps, Washington, D. C., 20525.

American citizens over age 18 are eligible to take the test. For married persons, the spouse must also apply, but applicants must have no dependents under 18. (A15

Auto Stickers Available at Township Hall

Elk Grove Township vehicle stickers for 1965 are now available at the Elk Grove Town Hall, 2400 S. Arlington Heights Road, Arlington Heights, for Elk Grove Township unincorporated area.

Township hall hours are Monday through Friday, 9 a.m. to noon and 1 to 4 p.m.

Sale to Support YMCA Building

The Big Waters Nation of Indian Guides will have its third annual Christmas tree sale starting Saturday, Dec. 5, at the YMCA parking lot on Northwest Highway in Des Plaines.

The Indian Guides program, sponsored by the YMCA, is a Father and son program for boys 6 through 9 years old.

THE TREE LOT is voluntarily staffed by the Big and Little Braves from the 31 tribes throughout Arlington Heights, Mount Prospect, Wheeling, Des Plaines and Elk Grove Village.

Proceeds from the sale will go to the YMCA building fund. (B-9

Peace Corps Test Slated For Dec. 7

For the first time in its history, the Peace Corps will give its nationwide placement test on a week day, Monday, Dec. 7.

Because the usual second Saturday of the month is too busy with Christmas mailing at the post offices where most Peace Corps tests are given, the day commemorating Pearl Harbor was selected.

In this area the test will be administered, beginning at 3 p.m., at the following locations: Elgin — American Legion Hall, 316 Douglas Ave.; Oak Park — Room 217, Post Office; Evanston — Main Post Office; Wheaton — Main Post Office, and Chicago — Room 1154, U. S. Customhouse, 610 S. Canal St.

THE TEST will take about one and one-half hours. Applicants should bring a completed Peace Corps questionnaire if they have not already filed one. These questionnaires are available at most post offices and college placement offices or by writing the Peace Corps, Washington, D. C., 20525.

American citizens over age 18 are eligible to take the test. For married persons, the spouse must also apply, but applicants must have no dependents under 18. (A15

Auto Stickers Available at Township Hall

Elk Grove Township vehicle stickers for 1965 are now available at the Elk Grove Town Hall, 2400 S. Arlington Heights Road, Arlington Heights, for Elk Grove Township unincorporated area.

Township hall hours are Monday through Friday, 9 a.m. to noon and 1 to 4 p.m.

Sale to Support YMCA Building

The Big Waters Nation of Indian Guides will have its third annual Christmas tree sale starting Saturday, Dec. 5, at the YMCA parking lot on Northwest Highway in Des Plaines.

The Indian Guides program, sponsored by the YMCA, is a Father and son program for boys 6 through 9 years old.

THE TREE LOT is voluntarily staffed by the Big and Little Braves from the 31 tribes throughout Arlington Heights, Mount Prospect, Wheeling, Des Plaines and Elk Grove Village.

Proceeds fron the sale will go to the YMCA building fund. (B-9

Bruning Chemist Honored

Dr. Evan Baltazzi, 45, director of organic chemistry research for the Charles Bruning Co., division of Addressograph Multigraph Corp., Mount Prospect, was recently named Chicago's new Citizen of the Year by the Citizenship Council of Metropolitan Chicago.

Baltazzi was chosen from the more than 12,000 persons naturalized in Chicago during the past year.

BALTAZZI, born in Turkey, was reared in France. He obtained degrees from Oxford University in England and the Sorbonne University and the Pasteur Institute in Paris.

He came to the United States in 1959 and was group leader, organic chemistry research, Nalco Chemical Co. and manager of organic chemistry research, I. I. T. Research Institute, both of Chicago, before joining Bruning in 1963.

Before coming to the United States, Baltazzi had been in charge of research for the French National Research Center in Paris. 10BB

Area Men To Talk at Tax Seminar

Two area men are slated to address seminar sessions at the 10th annual tax conference sponsored by the Illinois Society of CPAs.

They are Joseph C. Hodges, 421 S. Princeton, Arlington Heights, and Joseph E. Tansill, 405 See-Gwun, Mount Prospect.

Hodges, tax manager of the Chemetron Corp., Chicago, and chairman of the Society's committee on state taxation, will appear on a panel discussing the current status of state taxation.

TANSILL, partner in Lybrand, Ross Bros. & Montgomery, Chicago, and a director of the Illinois Society, will be among speakers on a panel concerned with corporate organizations, liquidations, reorganizations and operating losses.

The professional association's tax seminars are scheduled for Dec. 10 and 11 in the Pick-Congress Hotel. Over 400 CPAs from throughout the state are expected to attend the two-day event. 10BB

Government Needs Data Processors

The U.S. Civil Service Commission has announced a new examination for persons experienced in the fields of automatic data processing.

Skilled personnel are needed in federal offices and laboratories in the Washington, D. C., area.

The examination covers the positions of digital computer programmer, digital computer systems analyst and digital computer systems operator which pay between $6,050 and $10,250. No written test is required. Related college study or training in the digital computer field may be substituted for some of the required experience.

Interested persons should consult Announcement 348 which may be obtained from many post offices throughout the country or from the U.S. Civil Service Commission, Washington, D.C. (15BB

Sets Record

The cold wave which hit Illinois Nov. 19 and 20 helped Northern Illinois Gas Co. set a new record. For the first time in the company's history, NI-Gas distributed more than one billion cubic feet of natural gas in a single day in November to keep its 644,388 heating customers warm. (15BB

Telephone Company to Issue Easier-to-read Directory

An easier-to-read telephone directory containing larger print and a new section of local area listings will be introduced by Illinois Bell Telephone Co. in Arlington Heights, Palatine, Mount Prospect, Elk Grove Village, Inverness, Prospect Heights and Rolling Meadows in 1965.

"It's all part of an extensive directory service improvement program designed to meet our customers' standards as they have related them to us," said Manager Bob Berryhill.

BERRYHILL cited these improvements:

1—A new section in the front of the directory will contain listings of Arlington Heights, Palatine, Mount Prospect, Elk Grove Village, Inverness, Prospect Heights and Rolling Meadows telephone customers only.

2—These listings will be printed in larger type for easier reading.

3—The listings in the present regional directory covering many more communities will also be printed in larger type and will be placed in the back of the directory behind the Yellow Pages.

HERE'S HOW the directory will be arranged: first there will be a few pages of local and long distance dialing information, then the local area White Pages section followed by the Yellow Pages and finally the regional listings. This means each customer's listing will appear twice; once in the local section and again in the regional section.

These regional listings are being retained because the majority of telephone users in this area do quite a bit of calling outside their local area, the manager said.

"These changes we are making are the ones our customers have requested in order to make the directory more useful," the manager explained.

According to Gordon Aller, vice president and general manager of suburban area, Illinois Bell will spend more than $1 million in the next two years and almost $500,000 in each succeeding year to make these improvements in every one of its 50 suburban directories.

HINTS TO HOMEOWNERS

by Richard H. DeLano, Associate Farm Advisor

ALERT HOMEOWNERS DIAL DAILY 392-3060

Potted chrysanthemums, always popular in fall, have gained more favor since professional growers now produce these colorful plants in many attractive "compact" shapes and colors. People like potted mums because they serve the same decorative purpose as cut flowers and arrive "arranged" in their own red clay pots.

Clay-potted mums in yellow and rust shades, make handsome worthwhile plants for pre-Christmas giving.

They are available in many forms including the new "compacts" as well as the long-stem traditionals. Look for the charming button-type mum, the oriental spoon type and the large football mum which can serve double duty as a corsage whenever you like. Another big point in favor of the potted mum is that you can plant some varieties in your garden next spring after frost danger is past. You will enjoy its blossoms again in fall, and there will be repeat bloom for years to come.

HOUSE PLANT buyers are becoming increasingly aware of the future "double-duty" value of plants they purchase as gifts. Both mums and the ever-favored Christmas poinsettias are plants with futures, but there are many others. Azaleas are a very new item for the Christmas trade.

Always a standby, we hardly need to be reminded of the colorful Christmas cherries and peppers of many kinds . . . usually with orange or red fruit.

African violets you buy as gift plants will not serve outdoors, but can go on for years and years indoors, producing many new plants from cuttings placed in water or soil and later potted when roots form.

The semperflorens or Christmas begonia is another old favorite now available in improved compact forms, like Pink and Red Pearl. Begonias will bloom without sun if given strong light from the north window or from a fluorescent tube a foot above their top.

GREEN PLANTS, available in profusion in fall and winter, are long-lived house plants. Many are capable of surviving in subdued light for many months. You'll find rubber plants, self-heading philodendrons of many kinds, dracaena, dieffenbachia and Boston ferns as well as smaller table ferns.

For details on growing and reblooming gift plants in your home, obtain our free 58-page booklet on the topic. For your copy send a card to: Cook County Agricultural Extension Service, 201 N. Dunton St., Arlington Heights, Ill. 60004.

Magazine Editor Back From Japan

HAROLD ANDERSON

Harold E. B. Anderson, 63 Pleasant Hill Blvd., Palatine, has returned from a month in Japan on an editorial assignment for plant engineering of which he is construction editor. Plant Engineering is published by Technical Publishing Co. of Barrington.

Anderson attended the fifth National Engineering and Maintenance Conference and Show in Tokyo as representative of both the magazine and the American Institute of Plant Engineers.

Following the conference he met with members of the Japanese Institute of Plant Engineers which has a membership of more than 1000 in the industrial centers of the country. He also visited industrial plants throughout Japan to see first-hand how plant engineering is practiced there.

Public Requested to Turn in All Coins

A program was launched nationwide this week to help solve the coin shortage.

The Illinois Retail Merchants Association and the Illinois Bankers Association have joined in asking the public to search every home bank for coins and take them to any store, bank or savings and loan association to exchange for paper money.

The coin shortage is caused partly by the increase in automated coin-operated machines of all kinds, such as parking meters and toll roads.

Nationally, the two United States mints, in Philadelphia and Denver, are on a seven-day a week, around-the-clock, production schedule. They expect to turn out a record 4½ billion coins in 1964. A new U. S. mint has been authorized for construction in Philadelphia, but will not be ready for operation for two years.

The semperflorens or Christmas begonia is another old favorite now available in improved compact forms, like Pink and Red Pearl. Begonias will bloom without sun if given strong light from the north window or from a fluorescent tube a foot above their top.

GREEN PLANTS, available in profusion in fall and winter, are long-lived house plants. Many are capable of surviving in subdued light for many months. You'll find rubber plants, self-heading philodendrons of many kinds, dracaena, dieffenbachia and Boston ferns as well as smaller table ferns.

For details on growing and reblooming gift plants in your home, obtain our free 58-page booklet on the topic. For your copy send a card to: Cook County Agricultural Extension Service, 201 N. Dunton St., Arlington Heights, Ill. 60004.

Magazine Editor Back From Japan

HAROLD ANDERSON

Harold E. B. Anderson, 63 Pleasant Hill Blvd., Palatine, has returned from a month in Japan on an editorial assignment for plant engineering of which he is construction editor. Plant Engineering is published by Technical Publishing Co. of Barrington.

Anderson attended the fifth National Engineering and Maintenance Conference and Show in Tokyo as representative of both the magazine and the American Institute of Plant Engineers.

Following the conference he met with members of the Japanese Institute of Plant Engineers which has a membership of more than 1000 in the industrial centers of the country. He also visited industrial plants throughout Japan to see first-hand how plant engineering is practiced there.

Sales Terms Defined By Business Bureau

Do sales terms puzzle you? What is the difference between "comparable value," "originally," "regular" and just plain "value?" If you know the answer to this question, you probably don't have much trouble shopping and deciphering retailer's advertising or sales tags.

However, if the meaning of these and other terms, such as "usually," "formerly," etc., is vague to you — then you could easily be misled by a few merchants who misuse such terms, either by intent or lack of responsibility.

The Better Business Bureau of Metropolitan Chicago has found there are three basic types of comparative descriptions used in local retail advertising.

The first category covers occasion when a store reduces its own regular bona fide price. Normal patterns of merchandising involve periodic markdowns, clearances, inventory reductions promotional sales and the like, when merchants cut their prices to stimulate business.

In this instance, the terms "regular," "usually," "formerly," "was" and "originally" are among those used to describe the store's selling price prior to the sale or in the recent regular course of business. In any event, the comparative price being featured should be one that was in effect during the same selling season for seasonal merchandise and within the last year for nonseasonable items. Thus, "Bathing Suits—Originally $15 —now $5" could be suits that sold for $15 in May, were reduced to $10 in August and are now reduced for clearance to $5.

The second category of comparatives is used when a store makes a comparison with identical merchandise generally selling at higher prices elsewhere in the trade area. Here is where the terms "value," "retail," elsewhere at," etc., can be seen and used properly. Such expressions as "sold nationally" or "advertised nationally" are only meaningful, of course, when the price referred to is in effect generally in the local market, as well as throughout the country.

The third category describes merchandise that is essentially actually selling and generally available at a number of stores in the retail area. Terms used are "comparable," "compare at," "comparative value," etc. However, such terms are only proper when the merchandise offered is of equal grade and quality, in all material respects, to comparative merchandise.

Advertisers should be able and willing to prove any claim in advertising. Those terms which indicate a reduction in the advertiser's own price are more probable and believeable. Certainly it is difficult, at least, for an advertiser to know what the selling price is, or has been, or the grade and quality of the merchandise in all competitor's stores in the area at any given time—knowledge he should have when using terms which compare his prices with those of other merchants.

The most frequent abuse of comparative price terms has occurred in advertising, and on sales tags, of so - called "discount" stores and firms which would have the public believe that they always undersell all competition. Too often the price used as a comparative, to show a discount or implied price cut, is not a true comparison because the merchandise does not sell, or has not sold, elsewhere as claimed.

There has been substantial progress in the last several years in the use of accurate and truthful comparative price terms in the local trade area. In the vast majority of advertisements, the recommendations of the Federal Trade Commission have been observed.

White Collar Job Training Now Available

Four white collar jobs are the latest occupations slated for federally financed training programs in the Chicago area in an effort by the government to help both the unemployed and private industry.

The four training courses now offered to Chicago and suburban residents include cashier for currency exchange, general salesperson, typist and stenographer. Unemployed or underemployed men and women interested in learning one of these skills are invited to register at the Illinois State Employment Service, 40 W. Adams St.

Besides the schooling, applicants may be eligible for an allowance while in training. Some applicants may also qualify for part-time jobs to augment their finances while attending school.

Sam Flint Named Director of Traffic

SAM H. FLINT

The appointment of Sam H. Flint of Arlington Heights as director of traffic for the Quaker Oats Co. has been announced by John D'Arcy Jr., vice president of operations.

Flint, who has been general traffic manager at Quaker Oats since 1953, will direct all transportation activities of the company. He assumes the responsibilities formerly held by the late John R. Staley, a vice president of the company who died earlier this month.

For nearly 25 years, Flint has been active in the transportation field. He is currently chairman of a special advisory committee on practices and procedures of the Interstate Commerce Commission and is a member of the American Bar Association, the National Freight Traffic Association and the legislative committee of the National Industrial Traffic League.

HE IS also a member of the transportation and communication committee of the U. S. Chamber of Commerce, where he serves as chairman of the transportation sub-committee. Since 1962, he has been a delegate to the Pan American Railway Congress, as a member of the U. S. National Commission.

Flint attended Piedmont College, Demorest, Ga., where he was graduated in 1941 with a bachelor's degree in business administration. Following college, he spent two years as assistant traffic manager of the Tallulah Falls Railroad in North Carolina.

After Naval service in World War II, he spent over six years in Atlanta as director of transportation for the Georgia Public Service Commission, a position he held until he joined Quaker as general traffic manager in 1953.

Flint, his wife, Jerry, and their daughter reside at 550 Banbury Road. 10BB

Completes Study At Rensselaer

Robert A. Scheman, 1610 Willow Lane, Mount Prospect, was one of 21 engineers awarded diplomas recently at Rensselaer Polytechnic Institute, Troy, N. Y., after completion of an 18-week engineering development program sponsored by the American Telephone and Telegraph Co.

The men represented nine affiliate companies of the long lines department of A. T. & T., and were the eleventh on-campus group to go through the course of study on the newest developments in communication technology. 10BB

Announces Jobs Open at Penal Institutions

The U.S. Civil Service Commission announces that an examination is now open for filling male and female correctional officers positions at federal penal and correctional institutions.

Male correctional officers are needed at various locations throughout the United States; women are employed only at Alderson, W. Va., and Los Angeles, Calif. The entrance salary is $5,505 a year.

Announcement and appropriate application forms may be obtained from many post offices located throughout the country or from the U.S. Civil Service Commission, Washington, D.C. (15BB

At Institute

Norman Gaare, of Runge Electric, 30 S. Northwest Hwy., Palatine, attended an Electrical Contractors Management Institute Nov. 15 to 18 at the Hott Memorial Center for Continuing Education, University of Illinois conference facility in Monticello.

The Institute, which included sessions on management, labor laws, development of supervisors, policy making, creative selling and organization, was conducted by U. of I. Bureau of Business Management and Division of University Extension, with cooperation of the Illinois chapter, National Electrical Contractors Association. (10BB

Only Full-time Jobs Handled by Agency

Only permanent positions are filled through the Sheets Employment Service, which has offices in Chicago and Arlington Heights.

The employment firm owned by Glenn E. Sheets was started in July, 1960, and now employs seven persons. It is licensed by the Illinois Department of Labor.

Services offered include testing for shorthand and typing speeds and the Wonderlic personnel test for general intelligence. The agency handles all types of occupations for men and women.

SHEETS had an agency in Niles for two years before starting his present business. Prior to that he was in personnel work in industry for several years.

Among employes in the Arlington Heights office at 207 N. Evergreen is an Arlington Heights resident, Mrs. Garnet J. Muehlhausen, 3514 N. Buffalo Grove Road. 10BB

Kraft Honors Local Resident

George C Lawlis of 810 S. Bristol Lane, Arlington Heights, has been honored by Kraft Food for 25 years of service with the company. He is the marketing manager for confections.

The award, a gold watch bearing a Kraft emblem and a citation certificate, were presented to Lawlis in an office ceremony by C. R. Green, vice president, marketing. (10BB

NW Railway Lists Taxes Paid in 1963

The Chicago and North Western Railway Co. recently reported that its 1963 taxes paid this year on its railroad property in 29 counties in Illinois totaled $2,308,181.75. More than 62 per cent of that total consisted of school taxes.

In the five counties in northern Illinois in which the North Western operates its suburban service, the railroad paid $1,633,658 or 70 per cent of its total property tax bill in the state. These counties are Cook, Lake, McHenry, DuPage and Kane.

In Cook, Lake and McHenry Counties the North Western is the largest railroad taxpayer. Taxes paid in Cook County amounted to $1,209,267.24, of which $732,457.76 was on property in the city of Chicago.

SCHOOL TAXES paid by the railway company in the entire state totaled $1,434,164.51. Other payments were $387,813.16 in city and village taxes, $160,873.33 in county taxes, $90,487.25 as sanitary district taxes, $78,526.29 as park district taxes, $72,881.04 as township road and bridge and road bond taxes, $42,254.05 as township taxes, $17,378.22 as fire protection district taxes, $14,861.02 to forest preserves, $1,803.05 to mosquito abatement districts and $7,139.82 as township library, airport, hospital and cemetery taxes.

Taxes on operating property paid by the North Western in DuPage were $89,755.16. (15BB

Sam Flint Named Director of Traffic

SAM H. FLINT

The appointment of Sam H. Flint of Arlington Heights as director of traffic for the Quaker Oats Co. has been announced by John D'Arcy Jr., vice president of operations.

Flint, who has been general traffic manager at Quaker Oats since 1953, will direct all transportation activities of the company. He assumes the responsibilities formerly held by the late John R. Staley, a vice president of the company who died earlier this month.

For nearly 25 years, Flint has been active in the transportation field. He is currently chairman of a special advisory committee on practices and procedures of the Interstate Commerce Commission and is a member of the American Bar Association, the National Freight Traffic Association and the legislative committee of the National Industrial Traffic League.

HE IS also a member of the transportation and communication committee of the U. S. Chamber of Commerce, where he serves as chairman of the transportation sub-committee. Since 1962, he has been a delegate to the Pan American Railway Congress, as a member of the U. S. National Commission.

Flint attended Piedmont College, Demorest, Ga., where he was graduated in 1941 with a bachelor's degree in business administration. Following college, he spent two years as assistant traffic manager of the Tallulah Falls Railroad in North Carolina.

After Naval service in World War II, he spent over six years in Atlanta as director of transportation for the Georgia Public Service Commission, a position he held until he joined Quaker as general traffic manager in 1953.

Flint, his wife, Jerry, and their daughter reside at 550 Banbury Road. 10BB

Completes Study At Rensselaer

Robert A. Scheman, 1610 Willow Lane, Mount Prospect, was one of 21 engineers awarded diplomas recently at Rensselaer Polytechnic Institute, Troy, N. Y., after completion of an 18-week engineering development program sponsored by the American Telephone and Telegraph Co.

The men represented nine affiliate companies of the long lines department of A. T. & T., and were the eleventh on-campus group to go through the course of study on the newest developments in communication technology. 10BB

Announces Jobs Open at Penal Institutions

The U.S. Civil Service Commission announces that an examination is now open for filling male and female correctional officers positions at federal penal and correctional institutions.

Male correctional officers are needed at various locations throughout the United States; women are employed only at Alderson, W. Va., and Los Angeles, Calif. The entrance salary is $5,505 a year.

Announcement and appropriate application forms may be obtained from many post offices located throughout the country or from the U.S. Civil Service Commission, Washington, D.C. (15BB

At Institute

Norman Gaare, of Runge Electric, 30 S. Northwest Hwy., Palatine, attended an Electrical Contractors Management Institute Nov. 15 to 18 at the Hott Memorial Center for Continuing Education, University of Illinois conference facility in Monticello.

The Institute, which included sessions on management, labor laws, development of supervisors, policy making, creative selling and organization, was conducted by U. of I. Bureau of Business Management and Division of University Extension, with cooperation of the Illinois chapter, National Electrical Contractors Association. (10BB

Business Building Improving

Only Full-time Jobs Handled by Agency

Only permanent positions are filled through the Sheets Employment Service, which has offices in Chicago and Arlington Heights.

The employment firm owned by Glenn E. Sheets was started in July, 1960, and now employs seven persons. It is licensed by the Illinois Department of Labor.

Services offered include testing for shorthand and typing speeds and the Wonderlic personnel test for general intelligence. The agency handles all types of occupations for men and women.

SHEETS had an agency in Niles for two years before starting his present business. Prior to that he was in personnel work in industry for several years.

Among employes in the Arlington Heights office at 207 N. Evergreen is an Arlington Heights resident, Mrs. Garnet J. Muehlhausen, 3514 N. Buffalo Grove Road. 10BB

Kraft Honors Local Resident

George C Lawlis of 810 S. Bristol Lane, Arlington Heights, has been honored by Kraft Food for 25 years of service with the company. He is the marketing manager for confections.

The award, a gold watch bearing a Kraft emblem and a citation certificate, were presented to Lawlis in an office ceremony by C. R. Green, vice president, marketing. (10BB

NW Railway Lists Taxes Paid in 1963

The Chicago and North Western Railway Co. recently reported that its 1963 taxes paid this year on its railroad property in 29 counties in Illinois totaled $2,308,181.75. More than 62 per cent of that total consisted of school taxes.

In the five counties in northern Illinois in which the North Western operates its suburban service, the railroad paid $1,633,658 or 70 per cent of its total property tax bill in the state. These counties are Cook, Lake, McHenry, DuPage and Kane.

In Cook, Lake and McHenry Counties the North Western is the largest railroad taxpayer. Taxes paid in Cook County amounted to $1,209,267.24, of which $732,457.76 was on property in the city of Chicago.

SCHOOL TAXES paid by the railway company in the entire state totaled $1,434,164.51. Other payments were $387,813.16 in city and village taxes, $160,873.33 in county taxes, $90,487.25 as sanitary district taxes, $78,526.29 as park district taxes, $72,881.04 as township road and bridge and road bond taxes, $42,254.05 as township taxes, $17,378.22 as fire protection district taxes, $14,861.02 to forest preserves, $1,803.05 to mosquito abatement districts and $7,139.82 as township library, airport, hospital and cemetery taxes.

Taxes on operating property paid by the North Western in DuPage were $89,755.16. (15BB

Deep Colors, Painted Furniture Make News

Deep, vibrant wall paint colors and painted furniture will make even greater decorating news in 1965, a decorating authority predicted at the third annual National Suburban Homemakers Conference sponsored by the Suburban Press Foundation, Inc.

The "trial balloon" stage has passed, and public acceptance of the new, rich deep colors is assured, according to Margaret Hutchison, director of color styling for the Martin-Senour Paint Company of Chicago.

The top favorites among the new deep colors are Bronze green and companions, moss and olive, Mrs. Hutchison explained. The more sophisticated versions are the greenish brown called breen and bronzine.

New "hot" browns, amber, tobacco, and the tortoise shell colors, are currently decorators' darlings. Tawny middle tones of gold, honey, curry, and caramel are replacing many beige walls.

THE NEW reds are bright and vibrant and run the extremes of cool, bluish, raspberry and watermeln to hot, peppery chili, cayenne, or paprika colors.

Greens also are sharply divided, between warm olive and the cool turquoise and peacock colors. The middle (forest) greens have dropped out of the picture, the decorator said.

The sunny yellow-pink-orange combinations are the lightest and cheeriest of new colors.

Mrs. Hutchison noted that some of the most striking new room settings depend on ultra-deep colors for their effects. Use of these new deep paint colors requires some degree of restraint.

For instance, when strong emerald green is used it is a single color effect . . . accessories and accents are white. A vibrant Pompeiian red combined with charcoal and beige is one of the most sophisticated of the new deep color schemes.

MOST POPULAR of the deep wall colors is Bronze Green — soft and muted enough to allow color accents.

The increasing popularity of painted antiqued furniture follows the deep accent color trend, according to Mrs. Hutchison, who is an authority and author on antiquing.

In the home furnishings markets, one-of-a-kind pieces range from pale French Provincial tints to lusty Spanish reds and mustard golds. For quieter color tastes, soft greens and Wedgwood blues are seen.

Because these painted pieces fit in with the most owned and most wanted furniture styles, Early American, French Provincial and Mediteranean (Spanish). It is easy to understand the current enthusiasm for color antiquing kits, Mrs. Hutchison said.

Flower Show Plants Put in 'Cold Storage'

More than 90,000 plants, trees and shrubs are now being dug for "cold storage" thoughout the winter to assure their finest foliage and bloom as Chicagoans welcome spring with the 1965 Chicago World Flower and Garden Show, McCormick Place, March 20 to 28.

Chicagoland nurseries and green houses are bristling with action as the time has finally arrived to move plant materials indoors so they may wake up slowly through the winter. In addition almost 100,000 spring-flowering bulbs have been potted and are being wintered at temperatures too low for normal or rapid growth. As Flower Show time draws near, these bulbs will be placed in warm areas where their growth will be accelerated.

THERE ARE many methods of storing trees and shrubs for spring indoor blossoming. Large trees are "balled" after cold weather prevents further growth and then moved indoors where they remain at near freezing temperatures until the date for forcing.

Flowering shrubs, such as forsythia and lilacs, are kept in dimly lit corners of greenhouses where the temperature hovers around 60 degrees throughout the winter. When their growing dates arrive, they are transferred to steam rooms where the temperature and humidity force rapid growth.

In addition to "nursing" these 90,000 plants of 2,000 varieties and 700 species through the winter, other skilled landscape purveyors are preparing sod and top soil for the indoor gardens.

Sod, as an example, is now being cut — over 5,700 square feet — to provide the lush, grassy areas of featured gardens. This sod is rolled and frozen, just as mother freezes left-overs. This sod spends the winter in the deep-freeze and then is slowly thawed prior to the show's opening.

THE SHOW will also require almost three million pounds of topsoil. In a manner similar to sod preservation, this soil is dug in the fall and stored in a condition of sterility through the winter.

The seventh annual Chicago World Flower and Garden Show is sponsored in association with the Chicago Horticultural Society and directed by Frank Dubinsky. The show and its major feature gardens are designed by Harold O. Klopp and Associates, landscape architects, Arlington Heights. (BB15

Section 9 Thursday, December 3, 1964

Supplement to The Herald

Wheeling Township 1964 Quadrennial Assessment List

REAL ESTATE ASSESSMENT FOR 1964

OFFICIAL ASSESSMENT LIST

This publication list is the official notice to property owners of the 1964 Quadrennial Assessments of Land and Improvements in the Township of Wheeling. The 1964 Assessments as published herein are those determined by the assessor of Cook County.

LAND VALUATIONS

The land valuations as set forth are the 1964 appraised full values of land per front foot for all city and suburban lots or per square foot or per acre for industrial and farm lands. The determination of full value of a rectangular lot is obtained by multiplying the unit front foot value of the lot by the number of feet frontage, modified by the shape, depth, corner or other influences which affect any individual lot or tract of land.

BUILDING VALUATIONS

Similar development of sound data and procedures were used in valuing buildings under the conditions as of January 1, 1964. Simplification of the rules and careful revision and application of unit building costs based on sound data, which included determination of reproduction cost (new) of different types of buildings with allowances for age, condition and obsolescence produced equitable and uniform assessment of buildings of all classes.

PROPERTY VALUES

The figures listed herein for the lands and improvements are the assessed full values of such property as of January 1, 1964, as determined by the assessor of Cook County.

It is the duty of the assessor to assess all taxable property on a uniform basis of valuation so that the assessed full values of the various properties are a just and equal assessment of such properties, according to law. The assessment roll recording the values of property determines only the distribution of the total tax load among the individual property owners. The assessor of Cook County has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values does not determine the amount of your tax bill. The established tax rate does that. The assessor does not make the rate, he merely finds the value of your property.

PERMANENT REAL ESTATE INDEX NUMBER

The permanent Real Estate Index Number System was designed for the purpose of simplifying the very complex assessing, tax collecting and tax distribution problems in Cook County, Illinois. In this system areas and sub-areas are established. Generally, areas substitute for townships and sub-areas represent sections. These sub-areas are divided into blocks, as follows:

Blocks 100 to 199 are located in N.W. Quarter
Blocks 200 to 299 are located in N.E. Quarter
Blocks 300 to 399 are located in S.W. Quarter
Blocks 400 to 499 are located in S.E. Quarter

INFORMATION ON ASSESSMENTS

Any property owner who has any question in regard to the assessment of his property should inquire at the Office of the Assessor of Cook County, Room 312, in the County Building, Clark, Washington and Randolph Streets, Chicago. Information on the above, as well as the general basis and methods of determining the assessment of the land and improvements thereon will be furnished without cost.

Supplement to The Herald

Wheeling Township 1964 Quadrennial Assessment List

REAL ESTATE ASSESSMENT FOR 1964

OFFICIAL ASSESSMENT LIST

This publication list is the official notice to property owners of the 1964 Quadrennial Assessments of Land and Improvements in the Township of Wheeling. The 1964 Assessments as published herein are those determined by the assessor of Cook County.

LAND VALUATIONS

The land valuations as set forth are the 1964 appraised full values of land per front foot for all city and suburban lots or per square foot or per acre for industrial and farm lands. The determination of full value of a rectangular lot is obtained by multiplying the unit front foot value of the lot by the number of feet frontage, modified by the shape, depth, corner or other influences which affect any individual lot or tract of land.

BUILDING VALUATIONS

Similar development of sound data and procedures were used in valuing buildings under the conditions as of January 1, 1964. Simplification of the rules and careful revision and application of unit building costs based on sound data, which included determination of reproduction cost (new) of different types of buildings with allowances for age, condition and obsolescence produced equitable and uniform assessment of buildings of all classes.

PROPERTY VALUES

The figures listed herein for the lands and improvements are the assessed full values of such property as of January 1, 1964, as determined by the assessor of Cook County.

It is the duty of the assessor to assess all taxable property on a uniform basis of valuation so that the assessed full values of the various properties are a just and equal assessment of such properties, according to law. The assessment roll recording the values of property determines only the distribution of the total tax load among the individual property owners. The assessor of Cook County has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values does not determine the amount of your tax bill. The established tax rate does that. The assessor does not make the rate, he merely finds the value of your property.

PERMANENT REAL ESTATE INDEX NUMBER

The permanent Real Estate Index Number System was designed for the purpose of simplifying the very complex assessing, tax collecting and tax distribution problems in Cook County, Illinois. In this system areas and sub-areas are established. Generally, areas substitute for townships and sub-areas represent sections. These sub-areas are divided into blocks, as follows:

Blocks 100 to 199 are located in N.W. Quarter
Blocks 200 to 299 are located in N.E. Quarter
Blocks 300 to 399 are located in S.W. Quarter
Blocks 400 to 499 are located in S.E. Quarter

INFORMATION ON ASSESSMENTS

Any property owner who has any question in regard to the assessment of his property should inquire at the Office of the Assessor of Cook County, Room 312, in the County Building, Clark, Washington and Randolph Streets, Chicago. Information on the above, as well as the general basis and methods of determining the assessment of the land and improvements thereon will be furnished without cost.

Hey, Kids! . . . want to win $10.00 for Christmas Spending?

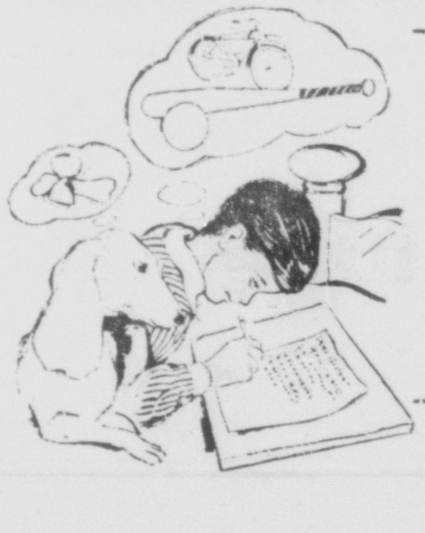
Write "What Christmas means to me" and win Shopping Money for Christmas

Paddock Publications is looking for letters from you kids about "What Christmas means to me." We know Christmas means lots of things to everyone, and we're anxious to find out in your own words just what there is about Christmas that you like so much.

In fact . . . we're so interested in knowing what our future readers think about Christmas that we're offering a prize each week for the best letter.

Imagine . . . $10.00 to do whatever you want with, and to see your letter printed in the Paddock papers.

Think about Christmas . . . write what Christmas means to you . . . you can win $10.00 for your letter to us . . . read the rules below and Good Luck.



GENERAL RULES

1. Children under 12 years of age are eligible to participate, but letters must be written by child. Letters written by adults for children will be disqualified.
2. Letters may not exceed 250 words and must include child's name, address, age and phone.
3. Sincerity, originality, and neatness will be considered in judging winning letters.
4. Address all letters to Christmas, c/o Paddock Publications, 217 W. Campbell St., Arlington Heights, Ill.

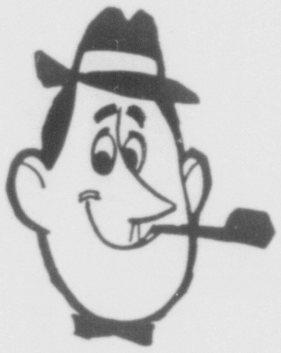
WANT ADS are for EVERYBODY!

Right now you are probably unconsciously identifying the cartoons on this page. And as your mental list of different types of people adds up, you are giving yourself the reason why Family Want Ads in this newspaper perform such a vital community service.

Fashion model, grandmother, construction worker, secretary, teenager and farmer . . . all are people who many times in the course of their lives find occasion to benefit from the Family Want Ads.

Aptly called "The People's Market Place," the Want Ads are not just for your neighbor, or for the people caricatured here . . . they are for you too!



If you are not a Want Ad reader, you have yet to learn how interesting they are. And if you have never advertised in a Family Want Ad, you have yet to learn how amazingly fast they bring results. Join thousands of your neighbors and get the Family Want Ad habit. Want Ads are for everybody, and that includes you!

Paddock Publications

Hey, Kids! . . . want to win $10.00 for Christmas Spending?

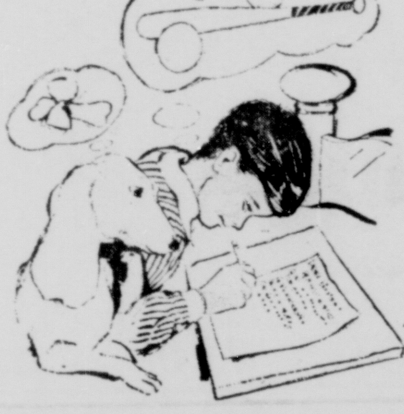
Write "What Christmas means to me" and win Shopping Money for Christmas

Paddock Publications is looking for letters from you kids about "What Christmas means to me." We know Christmas means lots of things to everyone, and we're anxious to find out in your own words just what there is about Christmas that you like so much.

In fact . . . we're so interested in knowing what our future readers think about Christmas that we're offering a prize each week for the best letter.

Imagine . . . $10.00 to do whatever you want with, and to see your letter printed in the Paddock papers.

Think about Christmas . . . write what Christmas means to you . . . you can win $10.00 for your letter to us . . . read the rules below and Good Luck.



GENERAL RULES

1. Children under 12 years of age are eligible to participate, but letters must be written by child. Letters written by adults for children will be disqualified.
2. Letters may not exceed 250 words and must include child's name, address, age and phone.
3. Sincerity, originality, and neatness will be considered in judging winning letters.
4. Address all letters to Christmas, c/o Paddock Publications, 217 W. Campbell St., Arlington Heights, Ill.

PADDOCK PUBLICATIONS 217 W. Campbell, Arlington Heights

"Good thing we saw these bargains advertised in Paddock Publications"

Your Newspaper Is YOUR SHOPPING GUIDE

In newspapers the news of better products and services is as important to today's modern family as that of current events or features concerning home and family, food and fashion, hobbies and health.

For newspapers are the medium by which most people shop. No other medium supplies the variety and detail of advertising by which one may compare prices and benefits and choose the comforts and conveniences that make for a full living standard.

There's much significance in this for local advertisers. For only in the newspaper can people of all age and income groups find the information and inspiration so necessary for good citizenship and for the enjoyment of a better way of life.

And because newspapers gain their friendship and regular readership, newspaper advertisers are provided the most productive medium of communication with customers.
